1. Data We Collect About You

We collect and process personal information so we can provide our Services to you. It's important that the personal data we hold about you is accurate and current. Please keep us informed if your personal data changes during your relationship with us.

The data we collect and process about you is explained in the sections below.

1.1 Data You Give Us

You give us information about you by filling in forms on our Site or App or by corresponding with us by phone, email and ID, as well as a current picture of your face and ID. This includes information you provide when you register to use the App, post a listing, search for a product, place an order, or use our in-App chat function. The information you give us includes your full legal name, email address, delivery address, payment information, purchase history and behavioural data. We will ask for your explicit consent to

use and process information collected during the signup process. Information collected to facilitate sales and purchases is necessary for our legitimate interests and for us to fulfill our contractual obligations to our users.

To maintain the security of the platform we may ask for a proof of ID as a seller or as a buyer and run a KYC check. Only once this is successfully accepted by MangoPay will a user be able to buy or sell. We will not store the ID images but will store the information for KYC purposes via our MangoPay account as long as the account is open or if the account holder has not complied with vendi's Terms and Condition. This allows us to verify your name on your account. This information will be kept confidential between vendi and the seller/buyer unless required by authorities in case of fraudulent activities are committed.
